

Welcome !

Here is the 4th edition of our **MARREL Link** newsletter!
In this issue, we offer you an overview of our solutions,
with a closer look to our options and dedicated services.

We remain committed to working alongside you
to support you in your future projects.

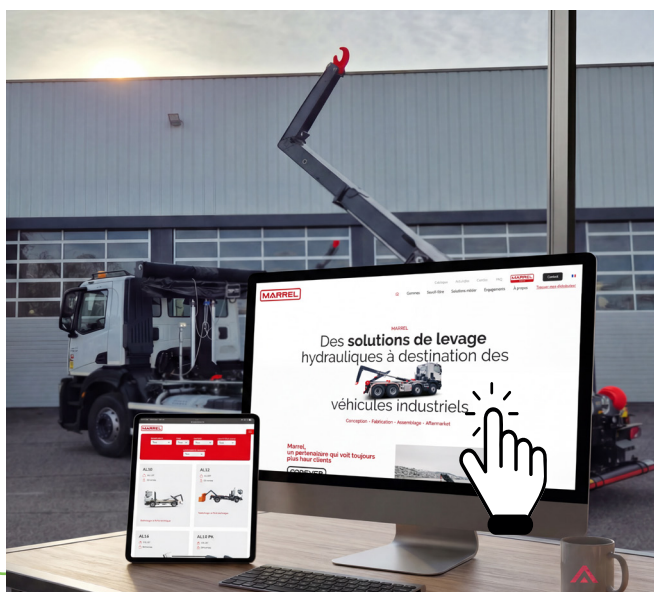

Alexandre DERUPTI
Sales Director

Marrel SERVICES NEW WEBSITE!

In early June, we unveiled our new website
www.marrel.com ★

More modern and intuitive, this new site offers you
a **clearer, smoother and more comprehensive experience**:

- > Redesigned navigation structure and simplified user flow
- > Dedicated Catalog section with all products
- > Resources section with all documentation
- > Aftermarket focus highlighting Marrel's support

Marrel EVENTS

A look back in pictures

EUROSATORY Show

📍 France - Paris

📅 15-19 June 2026

World Defense and Security exhibition

We showcased our latest **AMPLIROLL® Defense Series**,
designed for military applications, alongside Fassi,
which exhibited an **F115A crane**.

A truck equipped with an
**AMPLIROLL® Defense Dump
series** was also on display
at the booth of our partner
SCANIA.

Marrel INFO

As part of the development of the new **EXCELLIS
skiploader**, we have stopped accepting orders
for our current MB14 and MB18 models.

Stay tuned for **Q4 2026** for sales information
on our new range
and **Q1 2027**
for the first deliveries!

#4 - July 2026

PRODUCTS NEWS

1060-850 mm double-rail width AMPLIROLL® URBAN AL3 > AL6

Versatility thanks to the ability to load boxes of two different width (1060 or 850 mm) on the same truck.
