

MARRELTECH PRACTICAL GUIDE

MarrelTech... What is it for ?

MarrelTech is a platform dedicated to you and designed to support you throughout the entire lifecycle of your equipment.

You will find all the essential information to better understand, use and maintain your product : start-up guides, technical documentation, spare parts lists...

GENERAL USE

1 Create or change your password

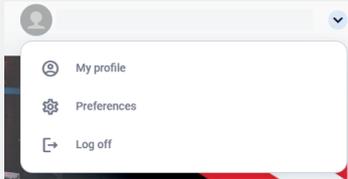

First login or forgotten password ?
Don't worry !

Everything is explained in this procedure. →

2 Change the language of your interface

In the "My Profile" section, choose from the 5 available languages.
Don't forget to save your selection.

TRACEABILITY OF YOUR EQUIPMENT

Thanks to MarrelTech, you can follow the lifecycle of your equipment.

1 Assembly sheet

Complete the form once the assembly of your equipment is complete.

[Detailed procedure here](#)

2 Warranty certificate

During commissioning, generate the associated warranty certificate.

[Detailed procedure here](#)

3 MarrelCat

Get a complete overview of your equipment using its serial number and identify the components you need.

ACCESS TO RESOURCES

Access numerous materials through two key sections of MarrelTech.

1 MarrelTech Document Center

Find commercial documentation, as well as user and assembly manuals.

Note: a new "Pre-Studies" section is regularly updated to help you with configuration and cost estimation of your equipment.

2 Training Doc Center

Find detailed technical information such as :

- commissioning procedures,
- maintenance support documents,
- technical presentations of your equipment.
